Cum Sancto Spiritu

by Hyo-Won Woo
SATB
Walton Publishing

This joyous arrangement combines traditional Latin text with fun and accessible rhythms. A great study in ostinato patterns, upbeat, microbeat rhythms and lively a Cappella singing.

Shalom

by Dan Forrest
SATB w/piano & violin
Beckenhorst Press

The cascading harmonies and simple melodies offer the listener and singer alike a sense of peace. Its meditative passages lull audiences into a relaxed and pleasant space.

Please Stay

by Jake Runestad
SATB w/piano
Melodious Accord

I love this new composition that helps to destigmatize mental illness, depression and suicide. If we can sing about it, hopefully we will learn to talk about it.

Can We Sing The Darkness to Light

by Kyle Pederson
SATB div. w/piano
Walton Music

The beautiful song of hope offers a merciful and compassionate point of view. It paints a picture of what the world could be without the negatives.

Measure Me, Sky!

by Elaine Hagenberg
SATB div.
Hagenberg Music

Poetic lyrics are colored with beautiful harmonies and sweeping phrases. This is a favorite of my singers!
